

The 3rd Annual Transition Conference – Event Programme

Welcome to the 2009 Transition Network conference! When we say 'conference', we don't really mean it. This 3 day event is as unlike any conference you've ever been to as is possible to get. Think of it more as an immersion, feasting in the Transition sweet shop, a long dip in a frothy Transition jacuzzi. We are deeply fortunate to be able to welcome you to the extraordinary space that is the Battersea Arts Centre, and to be able to present this event in partnership with them.

For many, the Transition movement is emerging as both a hand for people to hold during these testing, yet extraordinarily potential-rich times, and also as a midwife for the emerging culture we need so urgently, the one that lives within its means and is more nourished and satisfied for having done so. Over these 3 days you will meet people from Transition initiatives around the world, as well as local councillors, practitioners of many different useful things, and an assortment of other folks. Enjoy the weekend!

Friday May 22nd

12.00-1.00	Registration & Lunch	Great Hall
